

Meet the Global Functions Division

▶▶ OVERVIEW

At Akamai, our Human Resources (HR), Finance, and Legal teams are nested within our Global Functions division. HR teams work on organizational development and change management, including inclusion and diversity, developing and enabling talent strategies, and workforce planning. Teams in the Finance organization provide business support and financial analysis across all teams at Akamai, enabling operational efficiency and business growth. The Legal department protects the company's assets and reputation while promoting the highest levels of integrity and trust. Those who join our HR, Finance, or Legal teams will support Akamai's people and processes and ensure that Akamai scales seamlessly.

OUR ROLES

Finance: Finance Intern, Accounting Intern, Associate Financial Analyst

HR & Legal: Corporate Social Responsibility Intern, Emerging Talent Intern, Legal Intern, and more

DO WHAT YOU LOVE

Do you love the idea of developing people-facing strategy or improving a global process? If so, then one of the teams within our Global Functions division will welcome you! Our Global Functions teams support all of our people worldwide and are passionate about creating seamless processes to enable Akamai's success. An assignment with our Human Resources, Finance, or Legal division can prepare students for careers as financial analysts or accountants, HR generalists, benefits specialists, and much more.

ARE YOU A GOOD FIT?

To be successful in our Global Functions division, participants must have a passion for continuous learning and a demonstrated affinity for working with people. Our teams make day-to-day decisions based on data, so an analytical mindset and attention to detail are key. By the end of the assignment, participants will have honed their analytical skills and ability to use spreadsheet tools such as Excel and will have deepened their understanding of communication strategies across a global audience.
